Dear Gary, Irene and Fred

I'd like to finalize the agreed upon royalty distribution scheme agreed upon by all (see below). I am contemplating keeping the lab running and the 7.5% for the lab (outlined below) is a critical factor in my decision making process. Please let me know what can be done to finalize this process.

many thanks
derrick

Hi Irene

Just following up to see if BCH/TIDO finalized the paperwork associated with the royal structure outlined in your last email?

If you have a chance to connect sometime, let me know.

Cheers
Derrick
